

# PIPE CUTTERS

These professional tools are indispensable for manual cutting of plastic pipes up to 315 mm. The **TC 108, T1, TU 75, TU 140, T3 and T4 cutters** are made of the very best alloys, they are very manageable and practical to use.

They can be equipped with various special knives with appropriate cutting heights and penetration capacities to cut tubes of different materials.

The **TC 108 and T1** (with special knives) can cut copper (Cu) and PEx/Al, PPr, etc.

## TECHNICAL DATA

	<b>Ø Range</b>	<b>Max. thickness</b>	<b>Dimensions</b>	<b>Weight</b>
TC 108	6 - 50 mm	4.2 mm	178 x 228 x 65 mm	0.38 kg
T1	6 - 64 mm	5.5 mm	222 x 282 x 95 mm	0.60 kg
TU 75	6 - 76 mm	11.5 mm	247 x 330 x 105 mm	0.68 kg
TU 140	50 - 140 mm	17.5 mm	351 x 483 x 155 mm	1.38 kg
T3	100 - 160 mm	17.5 mm	372 x 465 x 200 mm	1.65 kg
T4	180 - 315 mm	19.4 mm	670 x 880 x 360 mm	7 kg
